

Go-kart on ice

Usually go-kart driving is specially made for asphalt fields, but at Mývatn you drive on the ice at the lake. The snow is cleaned away and you drive with “nailed” tires.

We also provide a special made off-road track.

Formula ice

Driving go-kart on ice is quite different from driving on asphalt. Here you drive in a big circle and your abilities as a driver are obvious. This is great fun. Everybody that likes motor sport or just a light amusement should try this one.

Tour available: Dec-May
Duration: 10 min
Departure upon request
Min. 4 pers.

Price: 4.500,- pr. person
Included: -overall, boots, gloves, helmet, fuel.
